- **A Crash Course in Data Science** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Building a Data Science Team** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Creating Dashboards and Storytelling with Tableau** — Massive Open Online Course (MOOC) — UC Davis
- **Data Science (What is Data Science?)** — Massive Open Online Course (MOOC) — IBM
- **Databases and SQL for Data Science** — Massive Open Online Course (MOOC) — IBM
- **Data Science Ethics** - Massive Open Online Course (MOOC) — University of Michigan
- **Data Science: Linear Regression** — Massive Open Online Course (MOOC) — Harvard
- **Data Science Methodology** — Massive Open Online Course (MOOC) — IBM
- **Data Science: Productivity Tools** — Massive Open Online Course (MOOC) — Harvard
- **Data Science Tools** — Massive Open Online Course (MOOC) — IBM
- **Data Science: Machine Learning** — Massive Open Online Course (MOOC) — Harvard
- **Data Science Math Skills** — Massive Open Online Course (MOOC) — Duke University
- **Data Science: Probability** — Massive Open Online Course (MOOC) — Harvard
- **Data Science: R Basics** — Massive Open Online Course (MOOC) — Harvard
- **Data Science: Visualization** — Massive Open Online Course (MOOC) — Harvard
- **Data Science: Wrangling** — Massive Open Online Course (MOOC) — Harvard
- **Developing Data Products** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Essential Design Principles for Tableau** — Massive Open Online Course (MOOC) — UC Davis
- **Exploratory Data Analysis** — Massive Open Online Course (MOOC) — Johns Hopkins

- **Getting and Cleaning Data** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Inferential Statistics** — Massive Open Online Course (MOOC) — University of Amsterdam
- **Introduction to Computational Thinking and Data Science** — Massive Open Online Course (MOOC) — Eric Grimson, John Guttag, and Ana Bell, MIT
- **Introduction to Data Science in Python** — Massive Open Online Course (MOOC) — University of Michigan
- **Introduction to Probability** — Massive Open Online Course (MOOC) — Harvard
- **Linear Regression and Modeling** — Massive Open Online Course (MOOC) — Duke University
- **Machine Learning** — Massive Open Online Course (MOOC) — Andrew Ng, Stanford
- **Managing Data Analysis** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Open Source Tools for Data Science** — Massive Open Online Course (MOOC) — IBM
- **Practical Machine Learning** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Probability and Statistics in Data Science using Python** — Massive Open Online Course (MOOC) — UCSD
- **Python for Data Science and AI** — Massive Open Online Course (MOOC) — IBM
- **Python Data Structures** — Massive Open Online Course (MOOC) — University of Michigan
- **R Programming** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Reproducible Research** — Massive Open Online Course (MOOC) — Johns Hopkins
- **Statistics and R** — Massive Open Online Course (MOOC) — Harvard
- **The Data Scientist's Toolbox** — Massive Open Online Course (MOOC) — Johns Hopkins

Engineering (Mechanical, Civil and Electrical) Courses

- **Advanced Visualization** - Free Online Video — Bernd Hamann, UC Davis
- **Atomistic Computer Modeling of Materials** — Free Online Video — Gerbrand Ceder & Nicola Marzari, MIT
- **Basic Electronics** — Free Online Video — Prof T.S. Natarajan, IIT Madras
- **Cellular Solids: Structure, Properties and Applications** — Free Online Video — Loma Gibson, MIT

- **Communications Systems** — Free Online Video — Duncan MacFarlane, The University of Texas at Dallas
- **Control Systems Engineering** — Free Online Video — Benjamin Drew, UWE Bristol
- **Convex Optimization I** — Free Online Video — Course Materials — Stephen Boyd, Stanford
- **Convex Optimization 2** — Free Online Video — Course Materials — Stephen Boyd, Stanford
- **Digital Signal Processing** — Free Online Video — Prof. E. Ambikairajah
- **Direct Solar/Thermal to Electrical Energy Conversion Technologies** — Free Online Audio — Gang Chen, MIT
- **Dynamics of Machines** — Free Online Video — Free Video Download — Amitabha Ghosh, IIT
- **Electrical — Digital Signal Processing** — Free Online Video — Free Video Download — S.C Dutta Roy, IIT
- **Electro Magnetic Fields** — Free Online Video — Harishankar Ramachandran, III
- **Electronics & Communication Engineering — Signals and Systems** — Free Online Video — Free Video Download — K.S. Venktesh, IIT Kanpur
- **Electronic Feedback Systems** — Free Online Video — Free Video & Course Info — Prof. James Roberge, MIT
- **Electronics — High Speed Devices & Circuit** — Free Online Video — Free Video Download — K. N. Bhat, IIT Madras
- **Engineering Dynamics** — Free Online Video — Free Video & Course Info — Kim Vandiver and David Gossard, MIT
- **Engineering Ethics** — Free Online Audio — Taft Broome, MIT
- **Environmental Air Pollution** — Free Online Video — Mukesh Sharma, IIT
- **Fields and Waves** — Free Online Video — Duncan MacFarlane, The University of Texas at Dallas
- **Fluid Mechanics** — Free Online Video — Free Video Download — T.I.Eldho, IIT
- **From Chemistry to Living Materials: Matter & Sound** — Free Online Video — Markus Buehler, MIT/World Science U
- **Fundamentals of Photovoltaics** — Free Online Video — Tonio Buonassisi, MIT
- **Greening the Economy: Lessons from Scandinavia** — Massive Open Online Course (MOOC) — Lund University
- **Green Supply Chain Management** — Free Online Video — Free Online Video + Course Video — Multiple Professors, MIT
- **Groundwater Hydrology** — Free Online Video — Course Materials — Charles Harvey — MIT
- **Image Processing** — Free Online Video — Free iTunes Video — Owen Carmichael, UC Davis

- **Information and Entropy** — Free Online Video — Free Online Video & Course Materials — Paul Penfield and Seth Lloyd, MIT
- **Information Theory and Coding** — Free Online Video — Free Video Download — S.N.Merchant, IIT Bombay
- **Introduction to Chemical Engineering** — Free Online Video — Free iTunes Video — Channing Robertson, Stanford
- **Introduction to Fluid Mechanics** — Free Online Video — Roger Rangel, UC Irvine
- **Introduction to Lean Six Sigma Methods** — Free Online Video — Free Online Video & Course Info — Multiple staff, MIT
- **Introduction to Linear Dynamical Systems** - Free Course in Multiple formats — Stephen Boyd, Stanford
- **Introduction to Modeling and Simulation** — Free Online Video & Course Info — Markus Buehler and Jeffrey Grossman, MIT
- **Microcontroller Design** — Free Online Video — Course Info — Bruce Land, Cornell
- **Microcontroller and System-on-Chip Construction Using Verilog and Altera FPGA** — Free Online Video — Beuce Land, Cornell
- **Nano-to-Macro Transport Processes** — Free Online Video — Free Online Video & Course Info — Gang Chen, MIT
- **Nonlinear Finite Element Analysis** — Free Online Video — Klaus-Jürgen Bathe, MIT
- **Nuclear Engineering** — Free Online Audio — Eric Norman, UC Berkeley
- **The Art of Engineering** — Free iTunes Video — David Billington, Princeton
- **The Fourier Transform and its Applications** — Free Online Video — Free Course in Multiple Formats — Brad Osgood, Stanford
- **Technology Entrepreneurship** — Free Online Video — Free iTunes Video — Chuck Eesley, Stanford
- **Understanding Lasers and Fiberoptics** — Free Online Video — Free Course Info & Free Online Video — Prof. Shaoul Ezekiel, MIT

Environment & Natural Resources Courses

- **Adaptation to Climate Change** — Free iTunes Video — Charlie Kennel, Cambridge
- **Australian Environmental History** — Free iTunes Audio — Richard Broome & Katie Holmes, La Trobe University-Australia
- **Blue Planet: Introduction to Oceanography** - Free Online Video — Edwin Schauble, UCLA

- **Education for Sustainable Living: Environment** — Free Online Video — Multiple profs, UCLA
- **Environmental Economics & Policy** — Free Online Video — David Zetland, UC Berkeley
- **Environmental Law and Policy** - Free Online Video — Bob Infelise, UC Berkeley, UC Berkeley
- **Environmental Politics and Law** - Free Online Video — Free iTunes Video — Free iTunes Audio — Free Video & Course Materials — John P. Wargo, Yale
- **Food and the Environment** — Free Online Audio — Nathan Sayre, UC Berkeley
- **Global Warming: Understanding the Forecast -** Free Online Videos — David Archer, University of Chicago
- **How Climate Works** — Free Online Video — Multiple Profs, Princeton
- **Introduction to Literature and the Environment** — Free Online Video — Ken Hiltner, Princeton
- **Mitigating Agriculture's Impact** — Free Online Video — Gordon Geballe, Yale
- **Oceans in Peril** — Free Online Video — Sylvia Earle, Mission Blue/World Science U
- **On Thin Ice: Climate Change and the Cryosphere** — Free Online Video + Course Info — Free Online Video — Julie Ferguson, UC Irvine
- **Our Earth's Future** — Massive Open Online Course (MOOC) — American Museum of Natural History
- **Radar** — Free iTunes Video — Kevin Kloesel, University of Oklahoma
- **Sustainable Living** — Free Online Video — Multiple profs, UCLA
- **Synthetic Biology's Industrial Revolution** — Free Online Video — Drew Endy, Stanford/World Science U
- **The Atmosphere, the Ocean, and Environmental Change** — Free Online Video — Free iTunes Audio — Free Online Video & Course Info — Ronald B. Smith, Yale
- **The Habitable Planet: A Systems Approach to Environmental Science** — Free Online Video — Harvard/Smithsonian
- **Tipping Points: Climate Change and Society** — Massive Open Online Course (MOOC) — University of Exeter
- **Woods Energy Seminar** — Free Online Video — Multiple Professors, Stanford

Math Courses

- **A First Course in Linear Algebra** — Free Online Video — N J Wildberger, UNSW
- **Against All Odds: Inside Statistics** — Free Online Video — Pardis Sabeti, Harvard

- **Algebraic Topology: A Beginner's Course** — Free Online Video — NJ Wildberger, University of New South Wales
- **Applied Linear Algebra** — Free Course Materials — University of Waterloo
- **Basic Statistics** — Massive Open Online Course (MOOC) — University of Amsterdam
- **Introduction to Calculus** — Massive Open Online Course (MOOC) — The University of Sydney
- **Calculus 1** — Free Online Video — Matthew Leingang, NYU
- **Calculus Revisited: Single Variable Calculus (1970)** — Free Online Video — Herb Gross, MIT
- **Calculus Revisited: Multivariable Calculus (1970)** — Free Online Video — Herb Gross, MIT
- **Calculus Revisited: Complex Variables, Differential Equations, and Linear Algebra (1972)** — Free Online Video — Free Course Info & Online Video — Herb Gross, MIT
- **Calculus Part 1** — Free Online Video — UC Irvine
- **Calculus Part 2** — Free Online Video — UC Irvine
- **College Algebra** — Free Online Video — Patti Blanton, Missouri State
- **Computational Science and Engineering I** - Free Online Video — Web Site — Gilbert Strang, MIT
- **Core Science Mathematics** — Free Online Video — Free Video Download — SK Ray, IIT
- **Crash Course: Statistics** — Free Online Video
- **Data Science Math Skills** — Massive Open Online Course (MOOC) — Duke University
- **Differential Equations** — Free Online Video — Free Online Video & Course Info — MIT — Arthur Mattuck
- **Differential & Integral Calculus** — Free Online Video — Steve Butler, UCLA
- **Geometric Folding Algorithms:Linkages, Origami, Polyhedra** - Free Online Video & Course Info — Erik Demaine, MIT
- **History of Mathematics** — Free Online Video — N J Wildberger, UNSW
- **Hyperbolic Geometry** — Free Online Video — N J Wildberger, UNSW
- **Introductory Probability and Statistics for Business** - Free Online Video — Philip Stark, UC Berkeley
- **Introduction to Logic** — Massive Open Online Course (MOOC) — Stanford University
- **Introduction to Mathematical Thinking** — Massive Open Online Course (MOOC) — Stanford University
- **Intro to Statistics** — Open Online Course — Sebastian Thru/Udacity
- **Introduction to Statistics and Data Analysis** — Free Online Video — Brenda Gunderson, University of Michigan

- **Linear Algebra** — Free Online Video — Free Course Materials — Gilbert Strang, MIT
- **Logic and Proofs** — Free Web Course — Carnegie Mellon
- **Math for Economists** — Free Online Video — Jason Kronewetter, UC Irvine
- **Math of Finance** — Free Online Video — Donald Saari, UC Irvine
- **Mathematics: The Language of Nature** — Free Online Video — Edward Frenkel, UC Berkeley/World Science U
- **Mathematical Logic** — Free Online Video — Free Video Download — Arindama Singh, IIT Madras
- **Mathematics in India — From Vedic Period to Modern Times** — Free Online Video — Multiple profs, IIT Bombay
- **Mathematics for Computer Science** — Free Online Course — Albert Meyer & Adam Chlipala, MIT
- **Mathematics for Computer Science** — Free Online Video — Free Web Video — Tom Leighton, MIT
- **Mathematics: Making the Invisible Visible** — Free iTunes Video — Free Online Video — Keith Devlin, Stanford
- **Multiple View Geometry** — Free Online Video — Daniel Cremers, Technische Universität München
- **Multivariable Calculus** — Free Online Video — Free Video & Course Info - Dennis Auroux, MIT
- **Probability for Math Science** — Free Online Video — Herbert Enderton, UCLA
- **Rational Trigonometry** — Free Online Video — N J Wildberger, UNSW
- **Real Analysis** — Free Online Video — Free Video Download — S.H. Kulkarni, IIT Madras
- **Real Analysis** — Free Online Video — Francis Su, Harvey Mudd
- **Regression Analysis** — Free Online Video — Free Video Download — Soumen Maity, IIT Kharagpu
- **Sets, Counting, and Probability** — Free Online Video — Paul Bamberg, Harvard
- **Single Variable Calculus** - Free Online Video — Free Online Video & Course Info — David Jerison, MIT
- **Statistics** — Open Online Course — San Jose State on Udacity
- **Statistics for Applications** — Free Online Video — Philippe Rigollet, MIT
- **Statistics for the Behavioral Sciences** — Free Online Video — Elizabeth Bauer, NYU
- **Statistics for the Social Sciences** — Free iTunes Video — Brad Fulton, Duke
- **Statistics: Introduction to Probability** — Free Online Video — Joseph Blitzstein, Harvard
- **The Calculus Lifesaver** — Web Site — Adrian Banner, Princeton

- **The Infinite Quest** — Web Video — Peter Cameron, Queen Mary University of London
- **Theory of Computation** — Free Online Video — Other Course Materials — Michael Sipser, MIT
- **Topics in Mathematics with Applications in Finance** — Free Online Video & Course Materials — Multiple Staff, MIT
- **Vector Calculus** — Free Online Video — Dr. Chris Tisdell, UNSW Sydney

Physics Courses

- **100 Years of Gravitational Waves** — Web Video — Rai Weiss, World Science U/MIT
- **A Brief Guide to Everything** — Web Video — John Ellis, King's College London, CBE
- **A Descriptive Introduction to Physics** — Free Online Video — Steven W. Stahler, UC Berkeley
- **Accelerate, Collide, Detect** — Free Online Video — Barry Barish, Caltech and Nobel Laureate
- **Advanced Quantum Mechanics** — Free Online Video — Leonard Susskind, Stanford
- **Atomic and Optical Physics I** — Free Online Video — Free Online Video + Course Info — Wolfgang Ketterle, MIT
- **Atomic and Optical Physics II** — Free Online Video — Free Online Video + Course Info — Wolfgang Ketterle, MIT
- **Black Hole Information Paradox** — Free Online — Samir Mathur, Ohio State/World Science U
- **Classical Field Theory** — Free Online Video — Free Video Download- Suresh Govindarajan, IIT Madras
- **Classical Physics** - Free Online Video — Free Video Download — V.Balakrishnan, IIT Madras.
- **Effective Field Theory** — Free Online Video — Free Online Video + Course Info — Iain Stewart
- **Einstein's Astrophysical Messengers** — Free Online Video - Gabriela González, Louisiana State/ World Science U
- **Endless Universe: Beyond the Big Bang** — Free Online Video — Paul J. Steinhardt, Princeton/World Science U
- **Exploring Black Holes: General Relativity & Astrophysics** — Free Online Video — Course Info & Free Video — Edmund Bertschinger, MIT

- **Exploring the Warped Universe** — Free Online Video — Nergis Mavalvala, MIT/World Science U
- **Fundamental Lessons from String Theory** — Free Online Video — Cumrun Vafa, Harvard/World Science
- **Fundamentals of Physics** — Free Online Video — Free Video & Course Materials — Ramamurti Shankar, Yale
- **Fundamentals of Physics II** - Free Online Video — Free iTunes Video — Free iTunes Audio — Web Site — Ramamurti Shankar, Yale
- **General Relativity** — Free Online Video + Course Materials — Prof. Scott Hughes, MIT
- **Harmony and Balance** — Free Online Video - Frank Wilczek, MIT
- **History and Mysteries of the Universe** — Free Online Video + Course Info — Max Tegmark, MIT
- **How Black Holes Became Real** — Free Online Video — Priyamvada Natarajan, Yale/World Science U
- **Illuminating Black Holes** — Free Online Video — Veronika Hubeny, UC Davis/World Science U
- **Inflationary Black Holes** - Free Online Video — Alan Guth, MIT/World Science U
- **Inflationary Theory** — Free Online Video — Alan Guth, MIT/World Science U
- **Introduction to Astrophysics** — Free Online Audio — Joshua Bloom, UC Berkeley
- **Introduction to Cosmology** — Free Online Video — James Bullock, UC Irvine
- **Introduction to General Astronomy** — Free Online Audio — Joshua Bloom, UC Berkeley
- **Introduction to Nuclear Engineering and Ionizing Radiation** — Free Online Video — Michael Short, MI
- **Modern Theoretical Physics: Classical Mechanics** — Free iTunes iOS Course — Free Online Video — Video & Materials — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Quantum Mechanics (2008)** — Free Online Video — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Quantum Mechanics (2013)** — Free Online Video — Video & Materials — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Special Relativity** — Free Online Video — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Special Relativity (2013)** - Free iTunes Video — Free Online Video — Video & Materials — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Einstein** — Free Online Video — Leonard Susskind, Stanford

- **Modern Theoretical Physics: Einstein's General Theory of Relativity (2012)** — Free iTunes Video — Free Online Video — Video & Course Materials - Leonard Susskind, Stanford
- **Modern Theoretical Physics: Cosmology (2009)** — Free Online Video — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Cosmology (2013)** - Free iTunes Video — Free Online Video — Video & Course Materials — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Statistical Mechanics (2009)** — Free Online Video — Leonard Susskind, Stanford
- **Modern Theoretical Physics: Statistical Mechanics (2013)** — Free iTunes Video — Free Online Video — Video & Course Materials — Leonard Susskind, Stanford
- **Nature's Constituents** — Free Online Video — Maria Spiropulu, Caltech/World Science U
- **New Adventures in Spacetime** — Web Video — Eleanor Knox, King's College London
- **New Ideas About Dark Matter** — Web Video — Justin Khoury, Penn/World Science U
- **Physics: What We Still Don't Know** — Web Video — David Tong, Cambridge
- **Physics of COVID-19 Transmission** — Free Online Video — Video & Course Materials — Prof. Martin Bazant & Dr. Joey Gu, MIT
- **Quantum Electrodynamics** — Free Online Video — Richard Feynman, Presented at University of Auckland
- **Quantum Entanglement** - Free Online Video - Leonard Susskind, Stanford
- **Quantum Field Theory** — Free Online Video — David Tong, Cambridge
- **Quantum Mechanics** — Free iTunes Video — Free Online Audio & Video — Free YouTube Video — JJ Binney, Oxford University
- **Quantum Physics 1** — Free Online Video & Course Info — Free Online Video — Allan Adams, MIT
- **Quantum Physics 2**- Free Online Video — Barton Zweibach, MIT
- **Quantum Physics 2** — Free Online Video — Course Info — Barton Zweibach, MIT
- **Quantum Physics Made Relatively Simple** — Free Online Video — Cornell Site — Hans Bethe, Cornell University
- **Quantum Theory** — Free Online Video — Free Video Download — Prasanta Tripathy, IIT Madras
- **Physics I: Classical Mechanics** — Free Online Video — Walter Lewin, MIT
- **Physics II: Electricity and Magnetism** - Free Online Video — Walter Lewin, MIT
- **Physics III: Vibrations and Waves** — Free Online Video — Walter Lewin, MIT

- **Physics for Future Presidents** — Free Online Video — Richard Muller, UC Berkeley
- **Physics for the 21st Century** — Free Online Video & Course Materials — Matthew H. Schneps — Harvard/Smithsonian
- **Relativistic Quantum Field Theory I** — Free Online Video — Hong Liu, MIT
- **Science and Cooking: From Haute Cuisine to the Science of Soft Matter** — Free Online Video — Team taught, Harvard
- **Soft X-Rays and Extreme Ultraviolet Radiation** — Free Online Video — David Attwood, UC Berkeley
- **Solid State Basics** - Free iTunes Video - Free Online Video & Course Info — Steven Simon, Oxford
- **Space, Time and Einstein** — Free Online Video — Brian Greene, Columbia/World Science U
- **Special Relativity** — Free Online Video — Brian Greene, Columbia/World Science U
- **Special Theory of Relativity** — Free Online Video — Free Video Download — Shiva Prasad, IIT Bombay
- **Statistical Mechanics I: Statistical Mechanics of Particles** — Free Online Video — Free Online Video + Course Materials — Mehran Kardar, MIT
- **Statistical Mechanics II: Statistical Physics of Fields** — Free Online Video — Course Info — Mehran Kardar, MIT
- **Stephen Hawking Lectures on Black Holes** — Free Online Video — Stephen Hawking, Cambridge
- **String Theory and Holograhic Duality** - Free Online Video — Free Online Video + Course Info — Hong Liu, MIT
- **String Theory and M Theory** — Free Online Video — Free iTunes Video — Leonard Susskind, Stanford
- **The Accelerating Universe** — Free Online Video — Adam Riess, Johns Hopkins/World Science U
- **The Black Hole Information Paradox** — Free Online Video — Samir Mathur, Ohio State/ World Science U
- **The Challenging Search for Elusive Dark Matter** — Free Online Video — Katherine Freese, University of Texas at Austin/ World Science U
- **The Character of Physical Law** — Free Online Video — Richard Feynman, Cornell
- **The Dark Side of the Universe** — Free Online Video — Michael Turner, U Chicago/World Science U
- **The Early Universe** — Free Online Video — Course Info — Alan Guth, MIT
- **The Edges of the Universe** — Free Online Video — Andrew Strominger, Harvard/World Science U

- **The Feynman Lectures on Physics, Vol. 1: Mainly Mechanics, Radiation, and Heat** — Text/Web — Richard Feynman, Caltech
- **The Mechanical Universe** — Free Online Video — CalTech, David Goodstein
- **The Monster at the Heart of our Galaxy** — Free Online Video — Andrea Ghez, UCLA/ World Science U
- **The Past and Future of Unification** — Free Online Video — Robbert Dijkgraaf, Institute for Advanced Studies, Princeton
- **The Physics of COVID-19 Transmission** — Free Online Video + Course Materials — Prof. Martin Bazant and Dr. Joey Gu, MIT
- **The World in Eleven Dimensions** — Free Online Video - Michael Duff, Imperial College London
- **Topics in High Energy Physics** — Free Online Video — Edward Witten, Princeton
- **Universe or Multiverse** — Free Online Video + Course Info — Andrei Linde, Stanford
- **Why the World Exists** — Free Online Video — John Ellis, Kings College London
